2013 CBI NATIONAL STUDENT ELECTRONIC MEDIA CONVENTION REGISTRATION OPENS

College Broadcasters, Inc. (CBI) is proud to announce that registration for the 2nd annual National Student Electronic Media Convention (NSEMC) is now open. The NSEMC is America's only convention dedicated exclusively to the interests of student TV/video outlets, radio stations, and webcasters. It will be held at the Hyatt Regency San Antonio October 31 – November 2, 2013.

To register, visit the convention's website, www.askcbi.org/sanantonio/. Early bird registration discounts apply until October 1, and additional savings are available for CBI members and associate members. CBI has also teamed up with Delta to offer reduced rates on flights to San Antonio for the convention. Additional sponsor information, and a downloadable sponsorship brochure, can be found at <http://www.askcbi.org/sanantonio/sponsors-and-exhibitors/>.

The convention will feature three days of interactive sessions led by broadcast professionals and student media advisers, plus a slate of student-led roundtables, capped off with the presentation of the National Student Production Awards at a special ceremony on Saturday, November 2. Sessions will focus on radio, video, and new media, with ample opportunities for students and advisers to network with each other and benchmark their operations. Session proposals are now being accepted at <http://www.askcbi.org/sanantonio/sessions-and-programming/>.

CBI Executive Director Will Robedee says, "Last year, our convention programmed over 90 sessions and opportunities, with over 90% positive feedback. This year will be bigger and better. It will be a fantastic opportunity to advance your skills, network, further your education, and have a lot of fun!"

College Broadcasters Inc. represents students involved in radio, television, webcasting and other related media ventures; ensures a commitment to education and the student pursuit of excellence through active involvement in electronic media; promotes cooperative efforts between the association and other national, regional, and state media organizations; facilitates the discussion of issues related to student-operated electronic media; and other community oriented programs. CBI currently represents over 250 active radio and television member stations.
